

Rochester Dec. 13, 1853

Dear Mr. Garrison

225

Enclosed is an

appeal, with regard to circulating  
the Woman's Rights Petitions in  
the State of New-York - If you  
think best to publish it, for  
the benefit of your N. York <sup>read</sup> <sup>have you</sup> <sup>to do</sup>  
ers, we shall be happy <sup>to do</sup>  
so - - Our Convention passed  
of most harmoniously, & its effect  
upon the people of Rochester, <sup>most</sup>  
salutary I think - - Mr. Channing  
left for Washington City yesterday  
A. M. to preach the Gospel of Anti-  
Slavery to the Unitarians of that  
Slave holding community - What  
a wonderful sign of the times  
is it, that William Henry Channing  
should be invited to preach in  
Washington City - truly there is  
great cause for the friends of

freedom to take courage,

But poor Douglas, where is he going - We were all surprised & shocked at the appearance of Anna Douglas' letter in the Liberator - Anna did not, to my certain knowledge, intend that letter to cover all the essentials of the Liberator's charge - for she declared to Amy Post, who happened to call there about the time it was being concocted by Frederic & Julia, that she would never sign a paper that said, Julia had not made her trouble - said she Garrison is right - it is Julia that has made Frederic hate all his old friends - said she, I don't care any thing about her being in the Office - but I won't have her in my house -

Things are hastening to a crisis here - Julia's best friend in her A. S. Society, has recently declared, that she could not work with her, unless there was a change

What a lie, that "those who know her best think differently" from Mrs Garrison

Please not make me public now - there are many, many of the friends here who stand ready to affirm to the truth of your statement - Yours for Truth & Right - Susan B. Anthony
